Image simulated for representational purpose only. Color and model availability may vary depending on country or carrier. Product features may vary basis model. S Pen is available with all models of Galaxy Tab S10 Series. Samsung promotes the responsible use of AI features. Samsung account login is required for certain AI features. *Measured diagonally, Galaxy Tab S10 Ultra's screen size is 37.0 cm in the full rectangle and 36.99 cm accounting for the rounded corners. Galaxy Tab S10+'s screen size is 31.50 cm in the full rectangle and 31.40 cm accounting for the rounded corners. Actual viewable area is less due to the rounded corners and the camera hole. **Actual internal storage may vary.

Iconic design. Iconic feel.

Innovation in every detail. All new design accents on S pen, charging area and camera deco. Amazing to touch.

 Dynamic AMOLED 2X
powered by Samsung Display

Less glare everywhere

Reduce glare and improve visibility with anti-reflection technology** and the powerful Vision Booster.

Keeps cool when gaming heats up

Rev up the excitement with an ultra fast, powerful processor. The larger Vapor Chamber cooling system keeps things cool when the action really heats up during long bingeing or gaming sessions.

Image simulated for representational purpose only. Color and model availability may vary depending on country or carrier. Product features may vary basis model. S Pen is available with all models of Galaxy Tab S10 Series. Samsung promotes the responsible use of AI features. Samsung account login is required for certain AI features. *Measured diagonally, Galaxy Tab S10 Ultra's screen size is 37.0 cm in the full rectangle and 36.99 cm accounting for the rounded corners. Galaxy Tab S10+'s screen size is 31.50 cm in the full rectangle and 31.40 cm accounting for the rounded corners. Actual viewable area is less due to the rounded corners and the camera hole. The Dynamic AMOLED 2X display on Galaxy Tab S10 Series. Galaxy Tab S10 Ultra has a peak brightness of 930 nits and Galaxy Tab S10+ has a peak brightness of 650 nits. The displays are adaptive, adjusting brightness level automatically based on the environment. In an area of 5,000 lux or higher, High Brightness Mode and Vision Booster will be activated. **Compared to Galaxy Tab S9 Series. Screen image simulated for illustrative purposes. Display features an anti-reflection coating. Previous series models did not feature an anti-reflection coating. #The enhanced performance figures are based on a comparison of Galaxy Tab S10 Ultra to Tab S9 Ultra. When comparing Tab S10+ to Tab S9+, the CPU performance is 16% improved, GPU is 27% improved, and NPU is 13% improved.

Busts dust. Withstands water.*

A little water won't hurt you. In fact, you're in the clear in up to 1.5 meters of fresh water for up to 30 min.

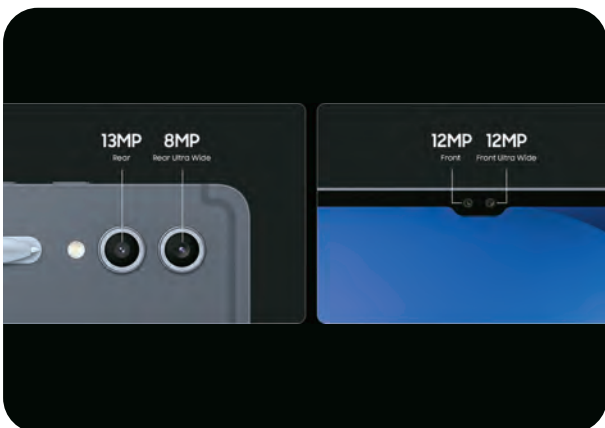

Durability that can't be beat

The Enhanced Armor Aluminum** frame is more durable than ever and ready to take all kinds of drops.

More battery. More games. More video.

Put all that battery life to good use. Game for hours and hours, binge your favorite shows, then super fast charge back to 100% just like that#.

Battery	Battery
11200 mAh	10090 mAh
Tab S10 Ultra	Tab S10+

An ultra-wide camera to capture more of your world

The Ultra Wide front-facing camera## ensures your video calls keep you framed up to perfection. On the flip side, capture stunning HD video and photos you can edit right on your Tab S10 Series.

Image simulated. Color and availability may vary depending on country or carrier. *Galaxy Tab S10+, Tab S10 Ultra and the included S Pen are rated IP68 under IEC standard 60529. Based on lab test conditions submersion in up to 1.5 meters of freshwater for up to 30 minutes (IP68). Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time because of normal wear and tear. Dust resistance rating is tested under lab conditions by a third party: 2kg of talc powder (max. diameter of 0.05mm) per cubic meter was blown into a test chamber housing the device (air pressure within device kept below surrounding air) for 2 hours. Rated IP6X. Dust-resistance may vary by actual usage conditions. **Compared to Galaxy Tab S9 Series. Armor Aluminum frame is applied to the frame and rear of the device excluding Cam Deco, Pen Deco, side keys and the SIM tray. #Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 62133 standard. Typical capacity is 11200 mAh for Galaxy Tab S10 Ultra and 10090 mAh for Galaxy Tab S10+. Rated (minimum) capacity is 10880 mAh for Galaxy Tab S10 Ultra and 9800 mAh for Galaxy Tab S10+. Actual battery life may vary depending on network environment, usage patterns and other factors. Fast Charging speed may vary depending on charging conditions and other factors. Using the original Samsung data cable is recommended. ##Galaxy Tab S10 Ultra features 13MP and 8MP Ultra Wide rear camera and 12MP and 12MP Ultra Wide front camera. Compared to Tab S10+ features 13MP and 8MP Ultra Wide rear camera and 12MP Ultra Wide front camera.

Galaxy AI optimized for the big screen

You've seen Galaxy AI*, but not like this. This massive screen brings Galaxy AI features to life in a big way to maximize your productivity and fun.

Your personal note-taking assistant

Get meeting notes while staying completely engaged in the meeting — just record the meeting then transcribe audio to text. Galaxy AI can then format and summarize those notes**, making note-taking effortlessly easy.

Edit in Split View

Formatting your notes gets even easier in Split View# — helping you format while keeping track of the original.

AI-Powered Apps - Translate whole PDFs

Need to read a PDF in a language you don't know? Now you can. Get instant translations# in an easy-to-read overlay.

Image simulated. Samsung reserves the right to make changes to this document and the product described herein, at anytime, without obligation on Samsung to provide notification of such change. All functionality, features, specifications, GUI and other product information provided in this document including, but not limited to, the benefits, design, pricing, components, performance, availability and capabilities of the product are subject to change without notice or obligation. The contents within the screen are simulated images and are for demonstration purposes only. Samsung Account login and a network connection may be required to use certain Samsung AI features. Users may need to update Android and Google app to the latest version. Samsung does not make any promises, assurances or guarantees as to the accuracy, completeness or reliability of the output provided by AI features. Galaxy AI features will be provided for free until the end of 2025 on supported Samsung Galaxy devices. Different terms may apply for AI features provided by third parties. Availability may vary depending on the region/country, OS/One UI version, device model, and phone carrier. Galaxy AI service may be limited for minors in certain regions with age restrictions over AI usage. Certain languages may require language pack download to use Interpreter. Service availability may vary by language. **Summary feature for Note Assist is activated when a certain number of characters is met and is under the character limit. Audio files must be under 3 hours in duration to be processed. Editing with Sketch to Image may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. #This feature requires a network connection and Samsung Account login. This feature is activated when a certain number of characters is met. Service availability may vary by language. Accuracy of results is not guaranteed.

Rocket science just got easier

Solve Math## makes calculation a cinch — automatically calculating complex formulas. And with Handwriting Help, it can even decipher your handwriting.

Circle to Search with Google on the big screen

Experience the power of Circle to Search^ with Google on a larger screen. Just circle, highlight, or tap an image or text to get Google Search results. You can even get instant translations.

Dream it. Draw it. Done.

Use Sketch to Image* to turn your rough sketches and doodles into artwork with the help of AI and S Pen wizardry. Drawing is more powerful than ever.

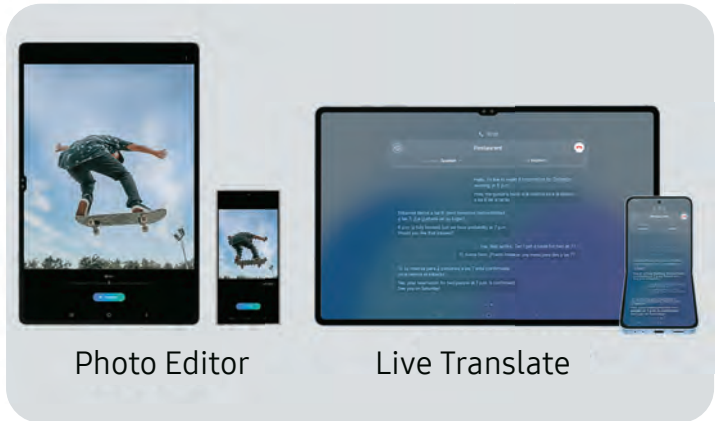

Launch AI with a single tap

Press the Galaxy AI Key** to unleash Galaxy AI to search what you want. Your keyboard is now highkey amazing.

Image simulated. Color and availability may vary depending on country or carrier. *Solve Math feature runs on-device and does not require an internet connection, but requires Samsung Account login. Incorrect handwriting recognition may lead to inaccurate calculations. Available only on S Pen-supported devices. Solve Math feature not available at launch. Expected to be supported after the App update. **Sequences shortened and simulated. Results for illustrative purposes only. Service availability may vary by country, language, device model. Requires internet connection. Users may need to update Android and Google app to the latest version. Works on compatible apps and surfaces. Results may vary depending on visual matches. Accuracy of results is not guaranteed. #S Pen included. Sketch to image feature requires a network connection and Samsung Account login. Editing with Sketch to Image may result in a resized photo up to 12MP. A visible watermark is overlaid on the image output upon saving in order to indicate that the image is generated by AI. Sequences shortened and simulated. The accuracy and reliability of the generated output is not guaranteed. ##Book Cover Keyboard Slim sold separately. The product is available for Galaxy Tab S10 Series. Features and keyboard layout may vary by country, language and device model. Backlit feature available only on Galaxy Tab S10 Ultra Book Cover Keyboard by pressing Fn + F12. App shortcuts can be assigned for select apps only. Pressing Alt + Galaxy AI Key provides the option to switch the AI assistant to Bixby or Gemini. A network connection is required to use Bixby or Gemini. To launch Gemini using the Galaxy AI Key, Google Assistant needs to be updated to Gemini. Google is a registered trademark of Google LLC.

The power of Galaxy AI across devices

Your Galaxy AI arsenal only grows the more Galaxy AI products you own. Plus, all the Galaxy AI features you love on other Galaxy devices# are also here on Tab S10 Series.

Bringing the best apps to the table

Awesome apps like LumaFusion and Clip Studio Paint come preloaded to kickstart your creativity, but it's easy to download more including: PicsArt, Sketchbook, Noteshelf3 and Wall Street Journal^.

Amazing alone. Better together.

Get the most out of your Tab S10 Series by pairing with other Galaxy products##. They work seamlessly together, so whatever you're doing simply flows naturally.

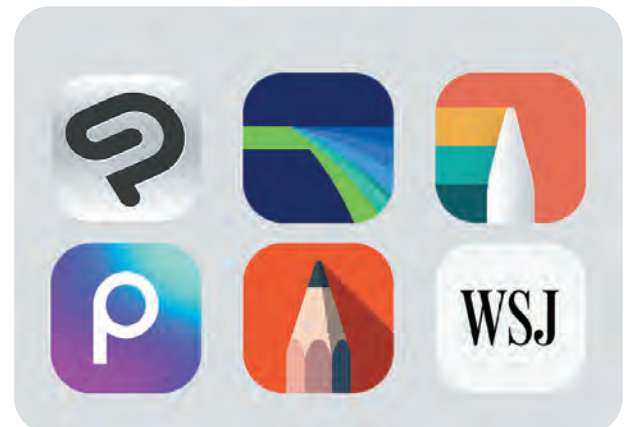

Image simulated. Actual UI may be different. *Products sold separately. Galaxy AI features for Galaxy S24 series, Galaxy S23 series, Galaxy S22 series, Galaxy Z Fold6 | Z Flip6, Galaxy Z Fold5 | Z Flip5, Galaxy Z Fold4 | Z Flip4, Galaxy Tab S9 | S9+ | S9 Ultra and Galaxy Tab S8 | S8+ | S8 Ultra are available from One UI 6.1 or later versions. **Products sold separately. #App availability and the terms of service may vary by country and region. Clip Studio Paint membership required. Clip Studio Paint app comes pre-installed in select markets. The app can be downloaded from Galaxy Store and comes with a 6-month free trial for first-time users. Once the free trial period ends, paid subscription to a monthly or annual usage plan is required for continuous use. A 20% discount is available on the first subscription. LumaFusion app is preloaded as stub, requiring users to click the icon and complete the purchase from Galaxy Store. All Galaxy device users can get a 50% discount when purchasing from Galaxy Store and receive a 1-month free Storyblocks subscription. Noteshelf3 app requires a separate purchase for a Premium plan upgrade. A 30% discount on the upgrade is available only via Galaxy Store. PicsArt, Sketchbook app requires a separate download from Google Play Store. Additional features may require a separate purchase. A paid subscription to the Wall Street Journal is required to access articles through its app. All third party logos/ marks shown are registered/owned/licensed logos/ marks of respective brand owners.

Galaxy Tab S9's screen size is 27.81cm in the full rectangle and 27.56cm accounting for the rounded corners. Actual viewable area is less due to the rounded corners and the camera hole. Above mentioned sizes might vary for Galaxy Tab S9 series all models. #Actual internal storage may vary.

 **Dynamic AMOLED 2X**
verified by Samsung Display

Get a crystal-clear, comfortable view

Whether you choose Galaxy Tab S9, Galaxy Tab S9+ or Galaxy Tab S9 Ultra, each is ready to bring your creative vision to life. All three feature a Dynamic AMOLED 2X display*, delivering stunning color and visuals. Plus, it's easy on the eyes with reduced blue light emission.

Enhanced outdoor viewing with Vision Booster

Vision Booster* lets you see your screen clearly in brightly lit areas thanks to an intelligent outdoor algorithm that detects the sun's glow and shifts to match. Go between the studio and patio with ease thanks to contrast and color enhancements to keep things vibrant.

Image simulated for representational purpose only. *The Dynamic AMOLED 2X display on Galaxy Tab S9 Series received a certification from VDE Germany for 100 percent Mobile Color Volume in the DCI-P3 color range, which means your images aren't washed out and you'll get unbelievably vivid colors regardless of differing levels of brightness. The display can achieve peak brightness of up to 930 nits, improving the contrast between dark and light aspects of digital content for a more brilliant picture quality, with a 1000000:1 contrast ratio to make your mobile experience more immersive. Galaxy Tab S9 Series have maximum brightness of 420 nits with peak brightness of 750 nits for Tab S9, 650 nits for Tab S9+ and 930 nits for Tab S9 Ultra.

The first water and dust-resistant Galaxy S tablet[#]

When the day gets tough, the Galaxy Tab S9 Series stays sturdy and durable. The smooth metal design is suited up with our strongest Armor Aluminum⁸ frame — living up to its name by protecting your tablet from shocks and drops. And the IP68 rating means it's our first water and dust-resistant. Galaxy Tab S Series ever charging, just snap it on to charge.

S Pen. Stronger, faster, more responsive^{###}

We rebuilt the included S Pen to be IP68 water resistant[#], just like the tablet. It's also improved across the board, with enhanced tip sensitivity for less accidental clicks. And with the magnetic attachment and bidirectional charging, just snap it on to charge*.

Image simulated for representational purpose only. [#]Galaxy Tab S9, S9+, S9 Ultra and S Pen are rated as IP68. Based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time because of normal wear and tear. The inbox S Pen for the Galaxy Tab S9 Series is water and dust-resistant S Pen with an IP68 rating. Based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water and dust resistance of the S Pen is not permanent and may diminish over time because of normal wear and tear. Dust resistance rating is tested under lab conditions by a third party: 2kg of talc powder (max. diameter of 0.05mm) per cubic meter was blown into a test chamber housing the device (air pressure within device kept below surrounding air) for 2 hours. ^{###}Compared to S Pen previous model. *Remove any excess water from the S Pen with a dry cloth or towel before using or attaching it to tablet.

Next-gen processor for next-level, lifelike gaming

The extremely fast Snapdragon® 8 Gen 2* for Galaxy processor is intelligently engineered to deliver revved-up performance and power savings for champion-level gameplay. The graphics engine powers true-to-life reflections and shadows in 3D gaming environments for immersive gaming.

Unified design. The beauty is in the details**

It's always the smallest things that matter most. Like the floating camera design on the back — crafted to elegantly encapsulate the upgraded camera system. We even reimagined the side buttons and speaker arrangement to feel more familiar.

Image simulated for representational purpose only. Colour & model subject to availability. *Snapdragon is a trademark/registered trademark of Qualcomm Technologies, Inc. and/or its affiliated companies. **The image depicts features of Galaxy Tab S9 Ultra. Compared to Galaxy Tab S8 Ultra, Tab S9 Ultra features an upgraded 13MP and 8MP rear camera and 12MP and 12MP Ultra Wide front camera. Compared to Galaxy Tab S8+, Tab S9+ features an upgraded 13MP and 8MP rear camera and 12MP Ultra Wide front camera. Galaxy Tab S9 features a 13MP rear camera and 12MP Ultra Wide front camera.

Elevate your notetaking, optimized for the big screen

Let your imagination run wild on pro-level notetaking with GoodNotes* — optimized to provide a seamless S Pen experience and feel of writing on actual paper. Sketch in portrait view and edit in horizontal view, or vice versa.

Store all your inspiration with microSD support

Choose up to 1TB internal storage**, sketch your masterpiece with GoodNotes, then grab your microSD to add on more storage in case you need even more room for your videos, compositions, hi-res photos and more. Storage up to 1TB Micro SD touches with precision.

Stay creative on the move with a long-lasting battery#

Keep the creative juices flowing with the long-lasting battery. It's got enough power to get you through your day and even spare some in case your phone needs a boost, too. Plug in your Samsung Galaxy smartphone with a USB-C cable and Fast Charging takes care of the rest.

Image simulated for representational purpose only. Colour subject to availability. S Pen available with Galaxy Tab S9 Series all models. *GoodNotes is a third party app and can be downloaded from the Galaxy store and comes with a 1-year free full version. Third party images/logos/marks are trademarks/registered trademarks of respective third parties brands/owners. Once the free full version period ends, an additional purchase is required for continuous use. App availability and the terms of service may vary by country and region. **Availability of 1TB internal storage option may vary depending on country, region or carrier and actual storage availability may vary depending on pre-installed software. Memory and storage options vary by model: Galaxy Tab S9 Ultra – 16GB memory and 1TB storage, 12GB memory and 512GB storage, 12GB memory and 256GB storage; Galaxy Tab S9+ – 12GB memory and 512GB storage, 12GB memory and 256GB storage; Galaxy Tab S9 – 12GB memory and 256GB storage, 8GB memory and 128GB storage. *Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated (minimum) capacity is 10880 mAh for Galaxy Tab S9 Ultra, 9800 mAh for Galaxy Tab S9+ and 8160 mAh for Galaxy Tab S9. Actual battery life may vary depending on network environment, usage patterns and other factors. Charging is supported when the Galaxy Tab S9 Series display is turned off and the battery level is at least 30%. Charging from Galaxy Z Flip5, Galaxy Z Fold5, Galaxy Z Flip4, Galaxy Z Fold4, Galaxy S23, Galaxy S22, Galaxy A53, Galaxy A33 and Galaxy Tab S8 series, using a Type-C cable. The power source is determined on a random basis when sharing battery power between Galaxy Tab S9 Series. Charging speed may vary depending on charging conditions and other factors. Using the original Samsung data cable is recommended. Samsung Galaxy smartphone sold separately.

Shoot on your phone, share it to your tablet

Move massive files from one Samsung Galaxy device to another in a flash with Quick Share*. Open up LumaFusion** to take advantage of the expansive screen to edit, cut and add final touches with precision.

Get a PC-like experience with a single snap

Attach the Book Cover Keyboard# to topple your to-do lists with ease. Fully backlit with function keys and a trackpad, it supports DeX mode for a seamless PC-like experience. Assign app shortcuts to up your efficiency and connect wirelessly to other Samsung Galaxy devices to type smoothly on any screen.

Always secure. Always connected.

A multi-layered state-of-the-art security platform protecting you from every intrusion. It is also 5G## and dual-SIM enabled so you can travel globally hassle-free thanks to a physical sim and and an eSIM slot.

Image simulated for representational purpose only. S Pen available with all models of Galaxy Tab S9 Series. Book Cover Keyboard sold separately. *Available on devices with One UI 2.1 or later versions installed, and requires Quick Share, Quick Share Connectivity and Quick Share Agent app updates. Bluetooth Low Energy and Wi-Fi connection are required for Quick Share use. Certain applications may not support Quick Share. **LumaFusion is a third party app and requires separate purchase and download. Third party images/logos/marks are trademarks/registered trademarks of respective third parties brands/owners. App availability and terms of service may vary by country and region. #Book Cover Keyboard sold separately. The product is available for Galaxy Tab S9 Ultra, Galaxy Tab S9+ and Galaxy Tab S9. Product design may vary by model. Features and keyboard layout may vary by model or type of language. Backlit feature available only on Galaxy Tab S9 Ultra Book Cover Keyboard by pressing Fn + F12. App shortcuts available only on Galaxy Tab S9 Ultra and can be assigned for select apps only. Wireless Keyboard Sharing is supported on Samsung Galaxy Tab devices running One UI 2.5 or above, connected to the Book Cover Keyboard via POGO. Not available on select smartphone models. Up to 3 devices can be registered for Wireless Keyboard Sharing. To enable Wireless Keyboard Sharing, both devices must be logged in to the same Samsung account. Performance may vary depending on user network environment. Wireless Keyboard Sharing feature can be turned on/off in Settings > General Management > Physical Keyboard > Share keyboard. ##5G network availability and actual speed may vary depending on country, network provider and user environment.

1 Infinite possibilities

All the room for epic stuff. Thinnest bezel on a massive 36.99cm (14.6") Super AMOLED display*.

2 Fastest** processor ever

The 4nm processor delivers lightning fast speeds for gaming or editing software.

3 Non-stop entertainment

Charge the massive 11,200mAh battery^ in a flash and dive into binging marathons.

4 Style meets durability

Our thinnest, biggest and most stylish Galaxy Tab S is housed in armoured aluminium#.

5 A thousand tools in one

A brand new S Pen to turn your wildest imagination into reality.

6 Snap into work mode

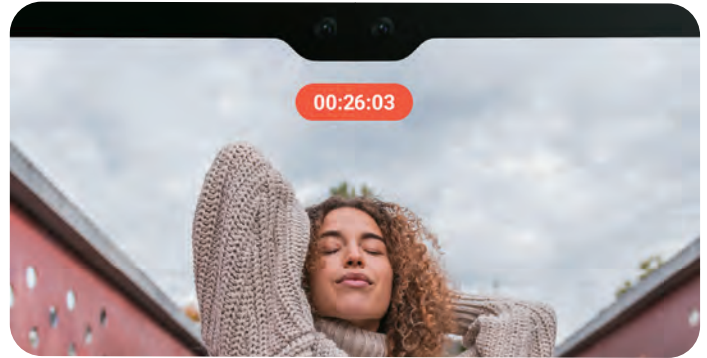

Switch to PC-level productivity in an instant with the 2-in-1 Book Cover¹ Keyboard.

7 Stream on the go

Hyperfast 5G* gives you the power to work or play from anywhere, anytime.

8 Craft stories in 4K

An intelligent dual front camera that always keeps you in focus and records videos in 4K^.

9 Never miss an idea

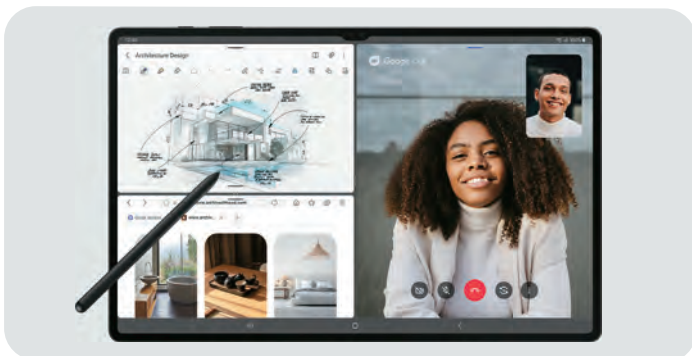

Jot down your million dollar ideas on-the-move using Samsung Notes.

10 Seamless Galaxy experience

Quick Share# can move all the heavy files from your tab to phone or PC with a single tap.

11 See more and do more

Research, sketch, and video chat with your friend - all at once, with Multi Window¹.

12 Stay safe and secure

A multi-layered state-of-the-art security platform protecting you from every intrusion.

Once the free full version period ends, an additional purchase is required for continuous use. App availability and the terms of service may vary by country and region. Clip Studio Paint membership required. Preload supported in select markets. Clip Studio Paint app can be downloaded from the Galaxy Store and comes with a free 6-month trial for first-time users. Once the free trial period ends, paid subscription to a monthly or annual usage plan is required for continuous use. Third party images/logos/marks are trademarks/registered trademarks of respective third parties brands/owners. Terms of service may vary by country and region. Galaxy Tab S9 FE, Tab S9 FE+ and the inbox S Pen are rated as IP68. Based on lab test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. Water and dust resistance of device is not permanent and may diminish over time because of normal wear and tear. #Dust resistance rating is tested under lab conditions by a third party: 2kg of talc powder (max. diameter of 0.05mm) per cubic meter was blown into a test chamber housing the device (air pressure within device kept below surrounding air) for 2 hours. Dust-resistance may vary by actual usage conditions. Remove any excess water from the S Pen with a dry cloth or towel before using or attaching it to tablet. S Pen Creator Edition sold separately. ##MicroSD card sold separately. Availability of 256GB storage option may vary depending on country, region or carrier and actual storage availability may vary depending on pre-installed software. ^Available functions may vary by country, region or carrier. ^^Book Cover Keyboard sold separately. The product is available for Galaxy Tab S9 FE and Tab S9 FE+. Product design may vary by model. Certain apps may not support multi windows. Google Meet available for download at Google Play. Google Meet is a trademark of Google LLC. Features and keyboard layout may vary by model or type of language. Wireless Keyboard Sharing is supported on Samsung Galaxy Tab devices running One UI 2.5 or above, connected to the Book Cover Keyboard via POGO. Not available on select smartphone models. Up to 3 devices can be registered for Wireless Keyboard Sharing. To enable Wireless Keyboard Sharing, both devices must be logged in to the same Samsung account. Performance may vary depending on user network environment. Wireless Keyboard Sharing feature can be turned on/off in Settings > General Management > Physical Keyboard > Share keyboard.

Galaxy Tab S7 FE

SM-T735

Watch6

Watch6 Classic

Image simulated for representational purposes only. Color and model subject to availability. *Watch6 provides ingress protection (IP68) against dust and fresh water to a maximum of 1.5 meters for up to 30 minutes. Refer to user manual for further nformation, including care/use instructions. Based on Vickers hardness measured with constant load of 200gf. Galaxy Watch6 is water resistant to up to 50 meters in depth for 10 minutes under the 5ATM rating. It is not suitable for diving or high-pressure water activities. If the device or your hands are wet, they must be dried thoroughly prior to handling. #Actual battery life may vary depending on network environment, usage patterns and other factors.

Galaxy Watch6

1 Start your everyday wellness journey

The watch that knows you best is back with a more personalized health experience and upgraded sleep tracking. Start off your day with a good night's sleep with Sleep coaching# now available on Galaxy Watch6.

2 More screen. Thinner bezel

Get even more info at a glance on up to 20% more display*. The up to 30% slimmer black margin makes way for Galaxy Watch's biggest screen yet**, and more space for self expression with customizable watch faces.

Image simulated for representational purposes only. Actual UI may be different. *Galaxy Watch6 display size is compared to that of Galaxy Watch5. **Galaxy Watch6 black margin is compared to that of Galaxy Watch5. #Sleep tracking features are intended for general wellness and fitness purposes only. Not intended for use in detection, diagnosis, treatment of any medical condition or sleep disorder. The measurements are for your personal reference only. Please consult a medical professional for advice. Sleep Coaching requires sleep data of at least 7 days, including 2 days off.

3 Switching bands is One-Click easy

Press the band release button to detach your watch straps easily. Swap them out to change from workout to go-out styles with just one touch. The band guide makes it easy to align, with a satisfying click once it's reattached*.

3 Scratches are no match for Sapphire Crystal glass

Ready for anything, rain or shine. Ultra-durable Sapphire Crystal glass makes for a resilient and sturdy watch display, while IP68** and 5ATM^ ratings mean your watch is tough enough to stay with you on your adventures.

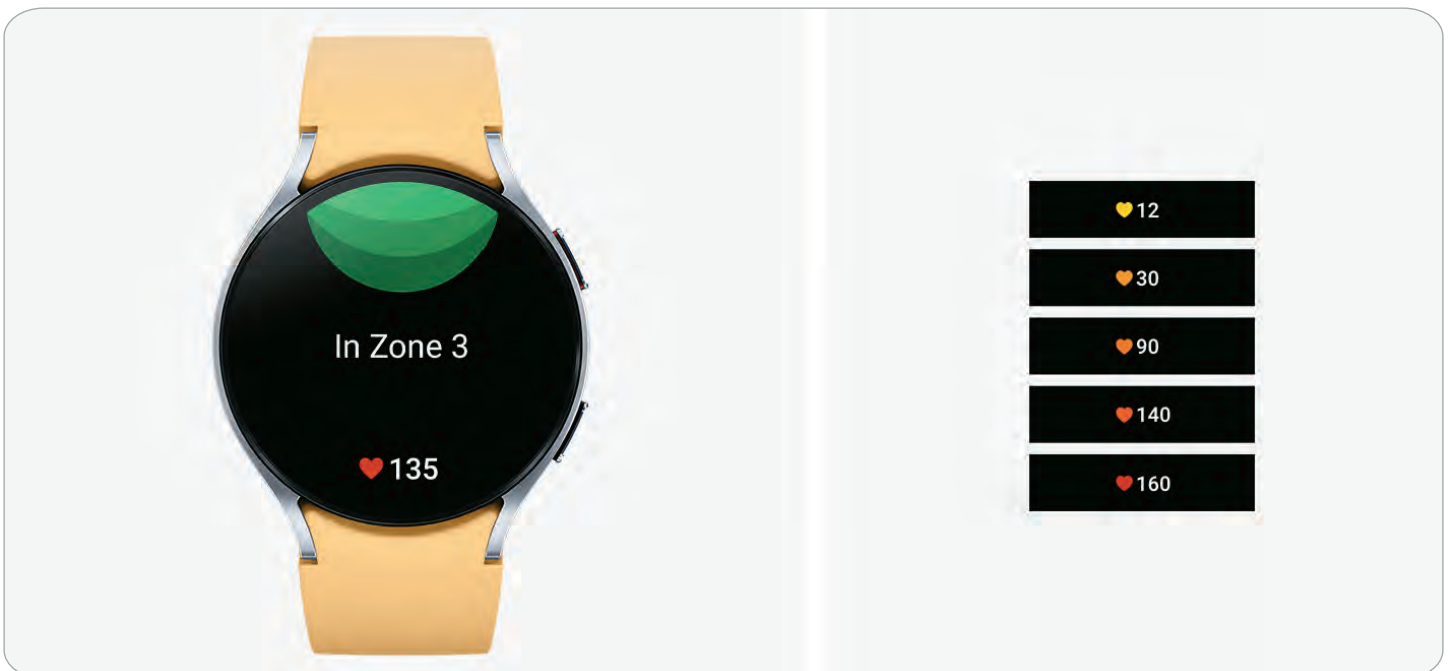

Image simulated for representational purposes only. *Availability of Watch bands may vary by country or region. Additional Watch bands are sold separately. **Watch6 provides ingress protection (IP68) against dust and fresh water to a maximum of 1.5 meters for up to 30 minutes. Refer to user manual for further information, including care/use instructions. Based on Vickers hardness measured with constant load of 200gf. ^Galaxy Watch6 is water resistant to up to 50 meters in depth for 10 minutes under the 5ATM rating. It is not suitable for diving or high-pressure water activities. If the device or your hands are wet, they must be dried thoroughly prior to handling.

5 Exercise tracking - Monitor your fitness journey

Record each of your physical accomplishments, and check all of your progress with Galaxy Watch6. Track your movements for over 90 workouts*, including indoor swimming and yoga, or you can even create your own custom workout. Forget to hit start? Your watch will automatically recognize** and record select workouts such as running, walking and now, even cycling, so you don't lose precious data.

6 Set your perfect intensity with personalized HR Zone

Set a personalized HR Zone[^]. Or just start running and Galaxy Watch6 will measure your heart rate based on your fitness capacity and optimize an HR Zone that suits you. Once set, you can get notified when you enter your goal HR Zone and make sure you're still in the zone as you move, run and work out to your own beat.

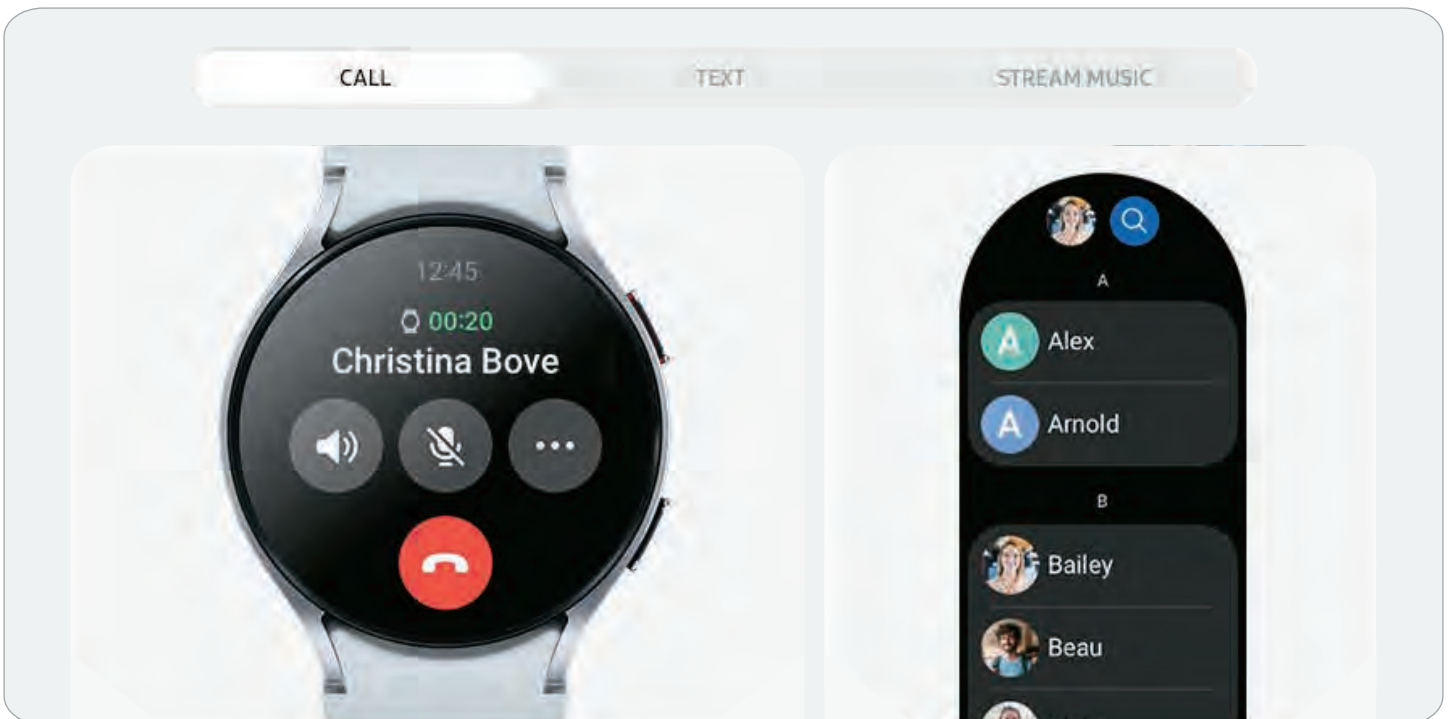

Image simulated for representational purposes only. Actual UI may be different. *Compatible smartphones and available features may vary by country/region, carrier or device. **Auto detect workouts must be turned on in Settings. Auto detect is not available for all workouts. Only available on Galaxy Watch6 series and must be paired with a compatible mobile device. ^To update the ranges of each HR zone for running based on cardiopulmonary capabilities, it is required to run outdoors more than 10 min with constant speed of 4km/h or faster.

7 Galaxy Z Flip5 photos from your watch

Pair your watch with Galaxy Z Flip5* to capture the healthy you up close or from a distance. Galaxy Z Flip5's Flex mode** and Camera Controller# let you easily switch between photo and video mode, or zoom in and out, all from the comfort of your wrist. Then tap the shutter button on your watch to take a pic.

8 More than just a Watch

Way more than just a clock. With Galaxy Watch6, you can still text, call, stream music and more, even without your phone. Stay productive and carry on with your day^.

Image simulated for representational purposes only. Actual UI may be different. *Galaxy Z Flip5 sold separately. **Flex mode supported at angles between 75° and 115°. #Camera Controller is supported on Galaxy Watch4 and later released Galaxy Watch models when paired with Galaxy S9 series and later. Camera Controller zoom feature is available on Samsung Galaxy Watch4 series and later released Galaxy Watch models that are paired with a Galaxy S series, Galaxy Note series and Galaxy Z series smartphone running One UI 5.1 or above with Camera Controller support. ^LTE connection required to use select features on Galaxy Watch6. LTE connectivity only available in LTE models. Not all apps and services are compatible with Wear OS.

9 International Roaming keeps contacts close

Explore the world without getting lost. International Roaming* on Galaxy Watch6 allows you to use the map to find your way to landmarks, all from your watch.

10 Samsung Wallet is available on your watch

Don't fumble in your pockets or rummage through your bag looking for cash or cards — you've got Samsung Wallet** for that. Now you can pay and ride without taking out your phone, because everything you need is just a swipe or tap away.

11 Customize to suit your personality

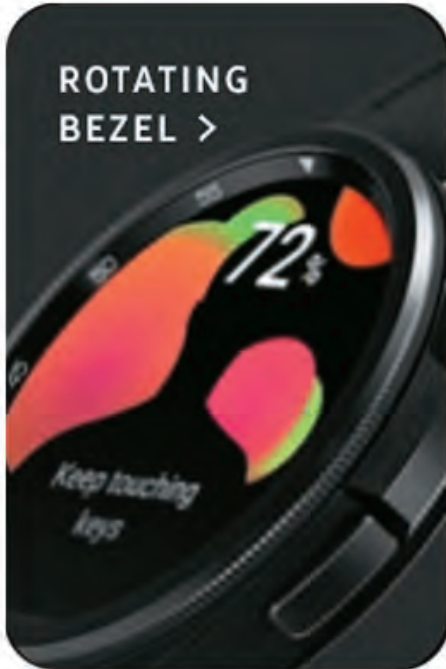

Make Galaxy Watch6 uniquely your own. Choose from a wide collection of bands^ in different styles and materials. You can also customize your watch face with your favorite colors, complications, designs or even photos of your pet. The only limit is your imagination.

Image simulated for representational purposes only. Actual UI may be different. *Available on LTE models. Enabling International Roaming may result in roaming charges depending on your smartphone carrier's plan. **The availability of Samsung Wallet and its features may vary by country or region. ^Availability of Watch bands may vary by country or region. Additional Watch bands are sold separately.

Galaxy Watch6 Classic

1 Look your best

We're making it a reality with our largest watch screen yet, custom exercise routines and sleep tracking — finished with a timeless aesthetic*

2 More screen. Thinner bezel

Experience enhanced visuals and clear motion graphics on a 20% larger display. The 15% thinner bezel and increased screen size create an aesthetically perfect display-to-bezel ratio — and extra space for every tap and swipe**.

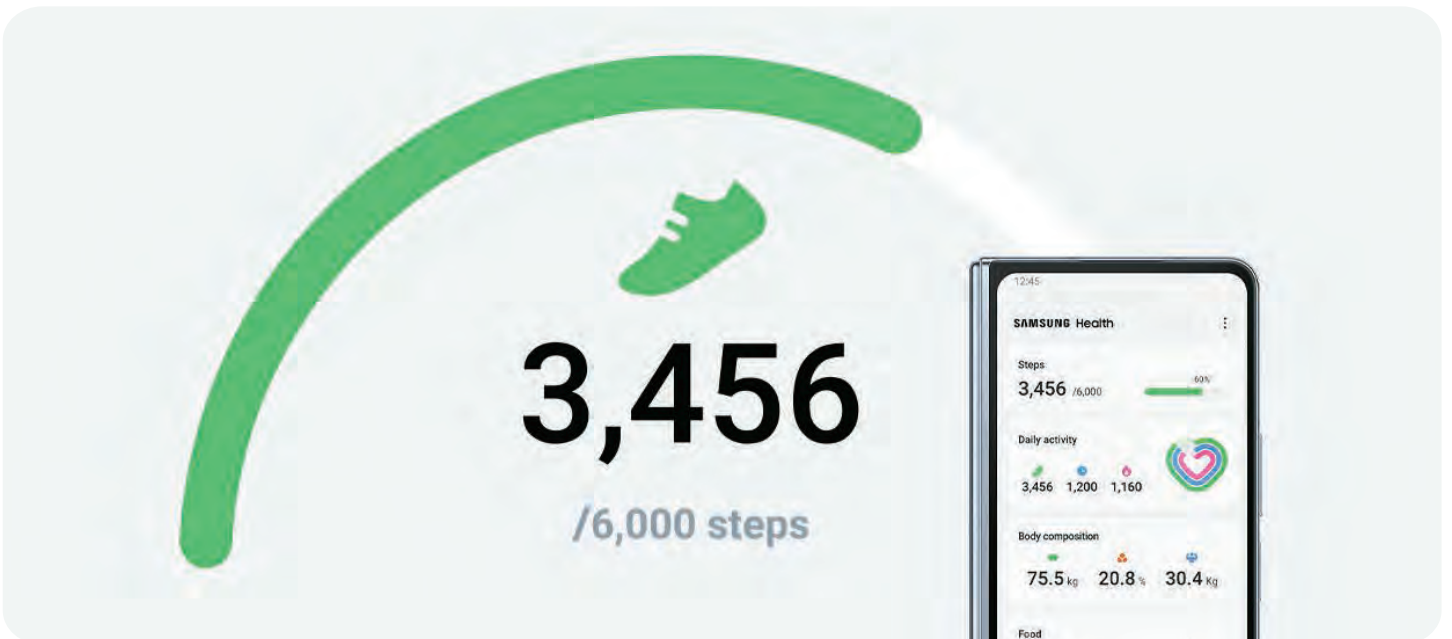

Image simulated for representational purposes only. *Compared to Galaxy Watch4 Classic. The screen size comparison is based on Galaxy Watch6 Classic 4.3cm model. **The screen size and bezel width comparisons are based on Galaxy Watch6 Classic 4.3cm model. Galaxy Watch6 Classic 4.3cm model display size is compared to that of Galaxy Watch4 Classic 4.2cm model.

3 Hands-on shooting, hands-free

Pair your watch with Galaxy Z Fold5* to capture the healthy you up close or from a distance. Galaxy Z Fold5's Flex mode and Camera Controller** let you easily switch between photo and video mode, or zoom in and out, all from the comfort of your wrist. Then tap the shutter button on your watch to take a pic.

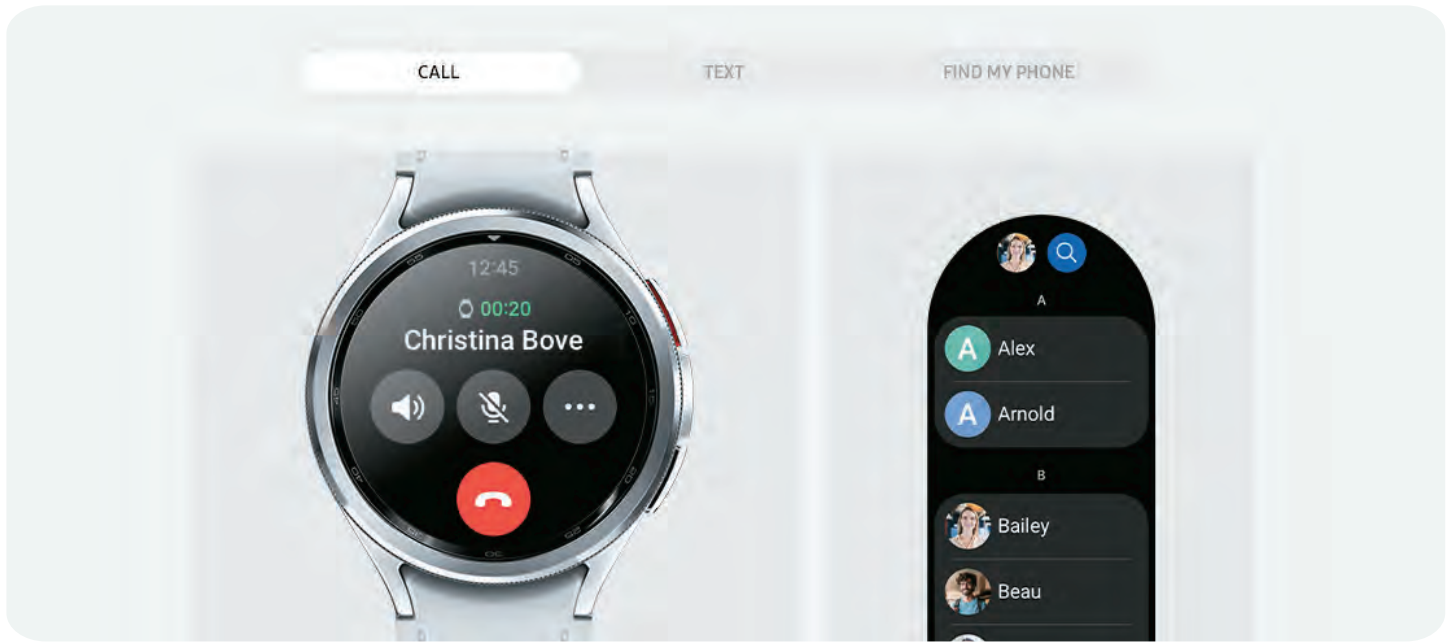

4 Begin with your watch, follow up on your phone

Team up with your Galaxy Z Fold5 to monitor your progress seamlessly. Use your Galaxy Watch6 Classic track your workouts and health stats. Then sync your watch with the Samsung Health app to graph your activities on a larger screen, including your daily steps, workout intensity, heart rate and more^.

Image simulated for representational purposes only. *Galaxy Z Fold5 sold separately. **Camera Controller is supported on Galaxy Watch4 and later released Galaxy Watch models when paired with Galaxy S9 Series and later. Camera Controller zoom feature is available on Samsung Galaxy Watch4 series and later released Galaxy Watch models that are paired with a Galaxy S series, Galaxy Note series and Galaxy Z series smartphone running One UI 5.1 or above with Camera Controller support. ^Compared to Galaxy Watch4 Classic.

5 Power to do more in your day

Keep your day running smoothly, even when you've left your phone behind. You can make calls, send texts and stream music directly from your Galaxy Watch6 Classic. Or locate your smartphone using the Find My Phone feature on your watch*.

6 Keep your world within reach

Whether exploring a new city, hiking in the mountains or lounging on a beach, international roaming** keeps you connected to loved ones, or help you call for reservations and even access important information.

Image simulated for representational purposes only. *LTE connection required to use select features on Galaxy Watch6 Classic. LTE connectivity only available in LTE models. Bluetooth models must be paired with a compatible mobile device connected to a mobile network. Not all apps and services are compatible with Wear OS. Find My Phone is supported when Galaxy Watch in Wear OS is paired with a smartphone running Android 10 or above. To use this feature, the paired smartphone should be signed in to Samsung Account. **Enabling International Roaming may result in roaming charges depending on your smartphone carrier's plan.

7 Samsung Wallet is always on hand

Access Samsung Wallet right from your Galaxy Watch6 Classic. Make payments, ride public transit, scan membership cards and more. You can even store non-payment items like digital IDs, tickets and keys, to lighten your load and empty out your pockets*.

8 Wake up to our most advanced sleep tracking

Get detailed sleep tracking with improved analysis and deeper insights to enhance the quality of your sleep. And now you can access Sleep coaching on your Galaxy Watch6 Classic to build better sleeping habits. Get a good night's sleep when wearing your watch to bed by switching to the Fabric Band. Be sure to put your watch on sleep mode to change the PPG sensor's green LED to invisible infrared LED, dim the display brightness and mute Notification**.

Image simulated for representational purposes only. *The availability of Samsung Wallet and its features may vary by country or region. **Requires Samsung Health app version 6.24 or later. Galaxy Watch6 Classic must be paired with a Samsung Galaxy smartphone with Android 10.0 and minimum 1.5GB Memory. Sleep tracking features are intended for general wellness and fitness purposes only. Not intended for use in detection, diagnosis, treatment of any medical condition or sleep disorder. The measurements are for your personal reference only. Please consult a medical professional for advice. Sleep Coaching requires sleep data of at least 7 days, including 2 days off. Availability of blood oxygen level feature may vary by country or regions. Invisible LED is enabled when sleep mode is turned on. Fabric Band is sold separately and compatible with Galaxy Watch4 and later released Galaxy Watch series. Availability of watch bands may vary by country/region or carrier.

9 Change bands. Change faces

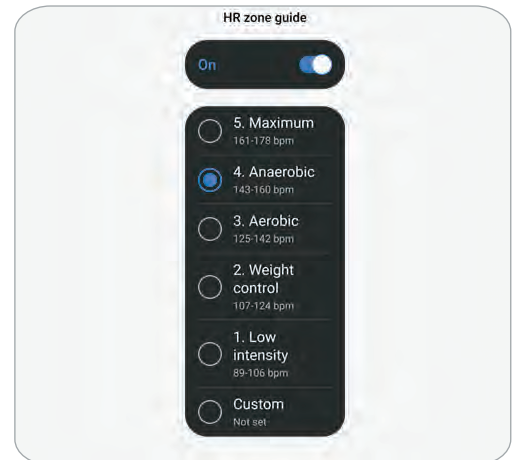

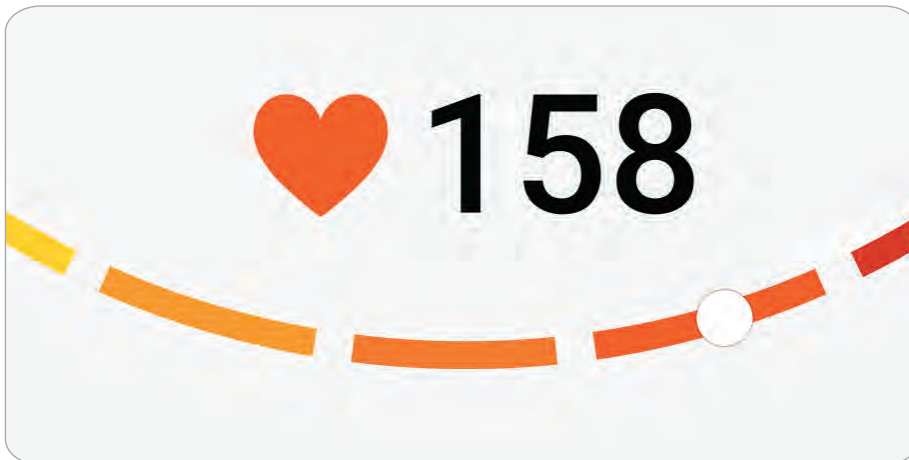

Create your own bespoke look for Galaxy Watch6 Classic. Choose from a wide collection of bands to take your look from rugged to classy, depending on your mood also customize your watch face with a sleek design to quickly access your favorite apps*.

10 Safety feature that can be lifesaver

Fall Detection** knows if you've suffered a fall and sends an Emergency SOS^ if you need help. When help arrives, you can access your medical info from the lock screen with a touch of a button to aid emergency services^^.

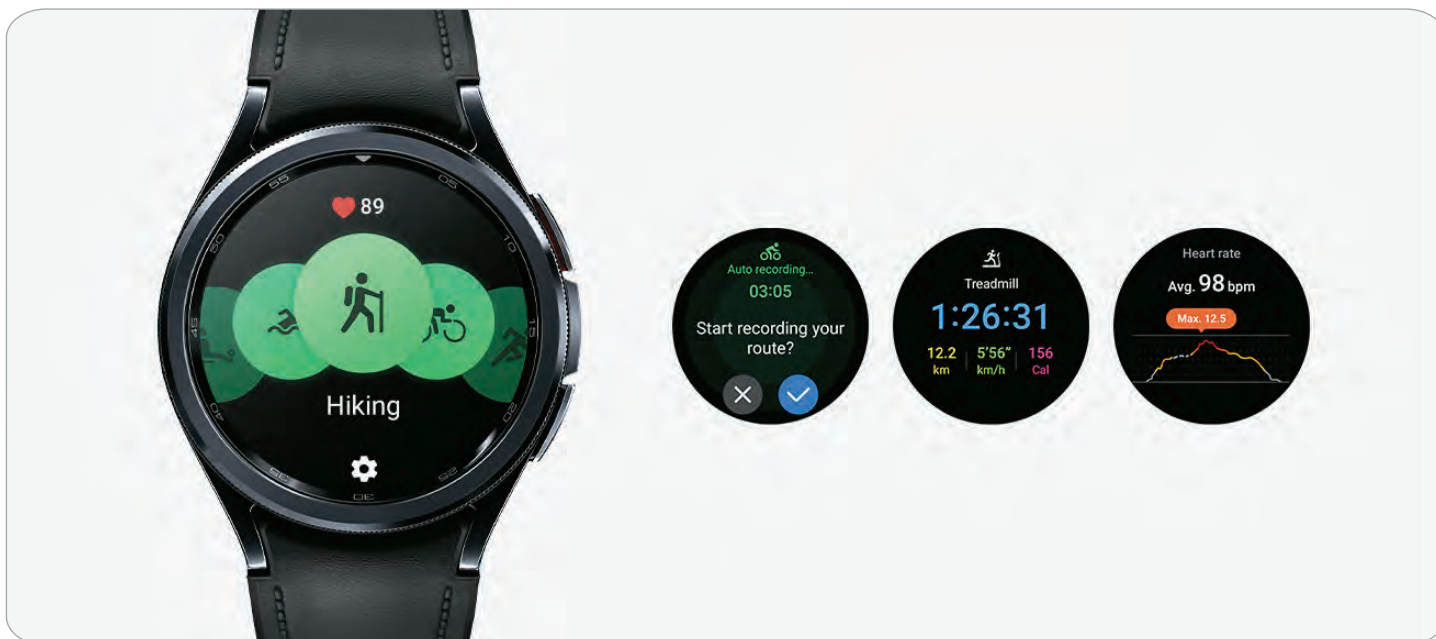

11 Meet your Personalized HR Zone

Your watch can assess your fitness capacity to determine your personal HR Zone. If there's a specific HR zone you want to hit, you can set the goal manually. As you workout you'll be alerted when you enter your target HR Zone, whether that's fat burning, cardio or high-intensity training. Move out of the zone, and it'll alert you too — letting you adjust your effort accordingly#.

Image simulated for representational purposes only. *Availability of Watch bands may vary by country or region. Additional Watch bands are sold separately. **Detect falls feature must be enabled on the Galaxy Wearable app on your Galaxy smartphone to use Fall Detection on the watch. ^Emergency call requires network connection or pairing with Galaxy smartphone. ^^Information gathered from the watch, Samsung Health app or related software is not intended to diagnose, cure, mitigate, treat or prevent disease or other conditions. #To update the ranges of each HR zone when running based on cardiopulmonary capabilities, it is required to run outdoors for more than 10 minutes with constant speed of 4km/h or faster.

12 Exercise tracking - Chart your growth to peak performance

Gain valuable insights into your progress and achievements with Galaxy Watch6 Classic. Track over 90 different workouts, or you can even create your own custom workout, to log your daily activity and monitor your progress. You can activate auto detect for select workouts like running, walking, and now, cycling to go straight from warm up mode to beast mode*.

13 Watch how easy switching is

Smart Switch is the sure and secure way to transfer your data to Galaxy. Take all your apps, watch faces, settings and more, with you when you make the Switch**.

Colours as per the availability for Galaxy Watch 5 & Galaxy Watch 5 Pro. *Measured diagonally. **Based on test conditions for submersion in up to 1.5 meters of freshwater for up to 30 minutes. Not advised for beach or pool use. ***Testing conducted by Samsung using pre-production Galaxy Watch5 (BT & LTE), each paired with an Samsung phone; all devices tested with prerelease software, Galaxy Watch Magnetic Fast Charging USB-C Cable (EP-OR900), and Samsung 25W USB-C Power Adapter (EP-TA800). Charge time varies with region, settings, and environmental factors; actual results will vary. Additionally, in order to experience faster charging, you need the wireless charger (EP-OR900) and TA (EP-TA800, EP-TA845, EP-T1510) that supports 5V/2A or higher and PD supports faster charging.

1 Forget the gym, fitness now starts with a good night's sleep.

Watch your sleep fitness with Advanced Sleep Analysis. Find out whether you're an "Unconcerned Lion" or a "Cautious Deer" - get unique sleep animal symbols with the custom sleep coaching program to suit your sleep patterns. Even detect snoring (if at all).

2 Your wellness, your style.

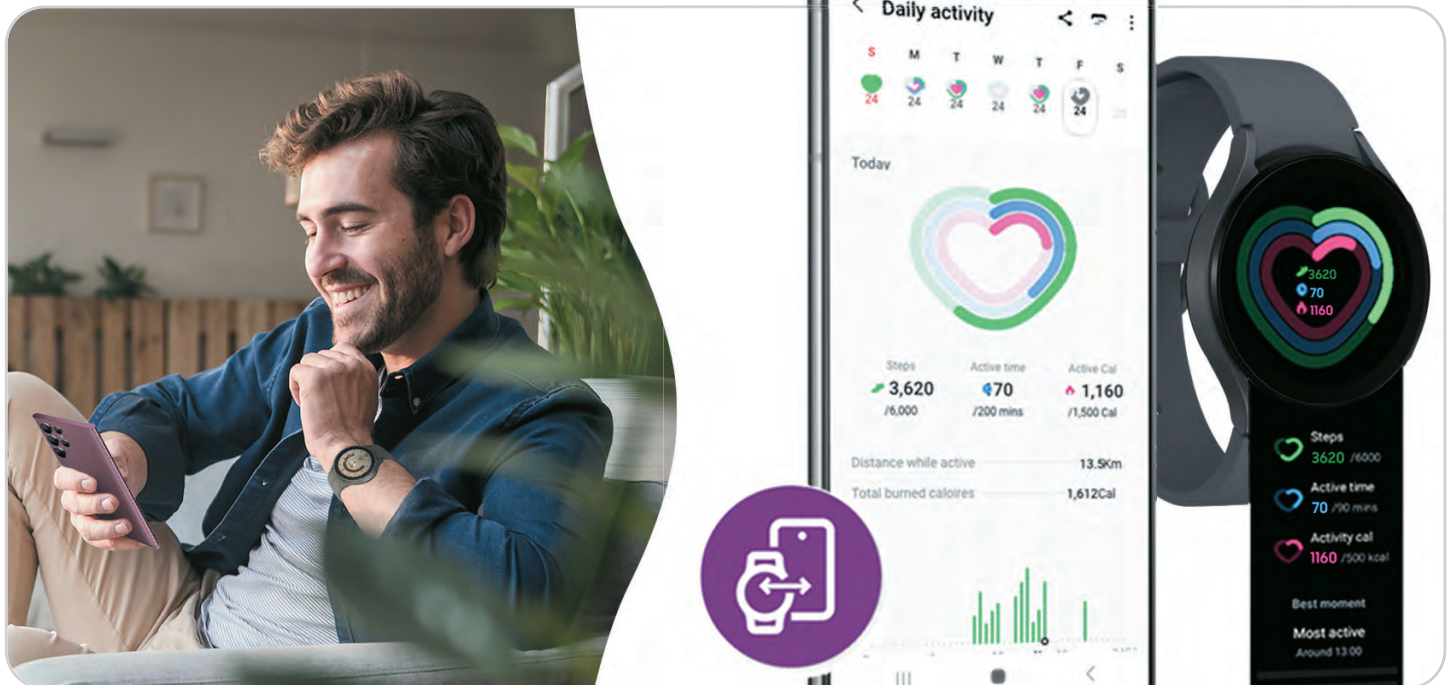

Whether you are a gym-freak or simply seeking a healthier life, whether you love sports or prefer to stay indoors – set and track your unique fitness goals.

3 Precise body composition and health monitoring.

With our powerful 3-in-1 BioActive sensor, detect your complete body composition (body fat, skeletal muscle mass, body water, and more) with utmost accuracy. Also, monitor heart rate and blood oxygen.

4 Stay connected to your Galaxy.

Manage your health smartly by staying close to your Galaxy with automatic watch-phone data syncing. Review all your watch health data on your phone. Reply to texts and calls, even when your phone is not around*. Also, enjoy your favorite smartphone apps on the watch with auto installation.

For tougher than the toughest: Watch 5 Pro

5 Watch your way into the wilderness.

Keep your adventures going with pre-set Route Target that lets you navigate through the tough routes you choose. Just follow the vibration and voice guide to receive turn by turn navigation and return safely through the same route with the Track Back feature.

6 Extreme power for extreme sports.

The massive battery of the Galaxy Watch5 Pro is as enduring as you when it comes to rigorous fitness routines, all day long (even when GPS is on). And for times when you need more, power-up with One-Touch Fast Charging.

7 As strong as your determination.*

The super strong & water-resistant Sapphire Crystal display makes it a robust companion for your scratch-free outdoor stunts. Moreover, the super sophisticated Titanium body case along with the innovative Magnetic D-Buckle with one-touch wear option, make it a seamless fit for the big hits.

8 Integrate your Galaxy.

Embrace fitness with a phoneless workout or plan your next adventure with Google apps seamlessly synced on your watch.

9 What's more than a truly timeless design? That you can make it your own.

Express more with a variety of interactive watch faces, animated graphics and a new strap line - including new Dual Tone, Rugged and Milanese bands. Available in breath-taking colours, the Galaxy Watch5 fits your style to complete that striking look of the day, everyday.

1 With body composition monitoring,
don't just listen to your body. Know it.

Track your fitness progress with the first ever smartwatch to conveniently measure body composition - our greatest innovation on a Galaxy Watch yet. Knowing your body fat percentage, skeletal muscle, body water content & more made possible with the new Samsung BioActive sensor & superfast chipset.

2 Name a workout. It can track it.

Track more than 90 different workouts with daily activity & fitness tracking on Galaxy Watch4. Counts steps, check calories, and stay on the grid with GPS.

3 Your workout buddies have your back!

Fitness is way more fun with family and friends. Enjoy the Group Fitness Challenge to track your steps together to earn commemorative badges and points.

4 Most holistic sleep tracking ever on a watch.

Advanced sleep tracking system accurately tracks various sleep stages, blood oxygen levels, and snoring patterns (if at all). Along with advanced sleep insights from USA's National Sleep Foundation for better sleep quality and duration.

5 It's a real team player

The first smartwatch with Wear OS Powered by Samsung, Galaxy Watch4 puts seamless access to your favorite apps on your wrist. You'll get a rich app selection including the Google app suit and a massive library of music streaming and health apps.

Also enjoy a seamless connectivity with Samsung Galaxy devices. Control ANC on Galaxy Buds2 or enable apps on your phone straight from your watch.

6 Design comes full circle

Go for a sleek, seamless finish

Be it at your gym, office or at a party the streamlined Armor Aluminum metal body of the Galaxy Watch4 is sure to make a statement.

Or a truly timeless classic

With the iconic rotating bezel, a high-end stainless steel body, and a refined design the Watch4 brings utmost sophistication to your wrist.

7 A new day, a new watch face.

A variety of different analog and digital watch faces to match every outfit, mood, or occasion. Spice up your style further with AR emojis or animated graphics to show what you're up to.

Galaxy Buds2 Pro

Sound	24 Bit SSC(Samsung Seamless Codec) 2-way speakers (10mm woofer & 5.3mm Tweeter) Advanced Intelligent Active Noise Cancellation (ANC) Voice Detect: Auto Switching ANC/Ambient Mode
Bluetooth version	Bluetooth 5.3 (LE Audio ready)
Sensor	3 High-SNR Mics + VPU + DNN + Personalised Beamforming
Earbud weight	5.5gm
Case dimension (HxWxD)	21.6mm x 19.9mm x 18.7mm

1 Ultimate Hi-Fi Sound

24-bit Hi-Fi audio

Your world of clarity. Minimized perceptual sound loss, steady and high-quality sound during processing for clearer sound than ever before.

Intelligent ANC & Voice Detect

The first 'ALL' HIGH-SNR Mics* in the new Galaxy Buds2 Pro filter out 40% more noise than Buds Pro. Voice Detect function senses your voice- turns on Ambient mode for instant conversations.

Image simulated for representational purpose only.

* 24-bit Hi-Fi supported when Galaxy Buds2 Pro is connected with Galaxy Smartphone with One UI 4.x. *The first SSC (Samsung Seamless Codec) Hi-Fi CODEC supported in Galaxy Buds Series.

* High SNR (Signal to Noise Ratio) mic helps keep the noise floor inaudible even when the signal is amplified.

360 AUDIO

Hear it
like you're there

360 Audio

The 360 Audio algorithms with direct multi-channel (5.1, 7.1, Dolby Atmos*) & enhanced Dolby Head Tracking creates an ultimate immersive experience.

Crystal Quality Voice Call*

AI-powered DNN with Personalized Beamforming extracts your voice from the noise and makes it louder & clearer by self-learning from your wear.

2 Comfortable fit

Ergonomic Design

15% smaller in size*. Your ears feel comfortable even after hours of use. Reduced space to wobble- designed to stay put even during dynamic movements.

Acoustic, Aerodynamic Design

Increased air flow between Vent Hole and Nozzle Grill decreases muffing sound, and the 3-Mic system reduces the wind noise when you're listening to music.

3 Galaxy Connected Experience

Seamless Connectivity

Connect the Galaxy Buds2 Pro to your Galaxy devices, and even your TV*. If you get a phone call, it automatically switches the connection from TV to phone.

SmartThings Find*

Track your missing Buds with SmartThings Find even when they are offline. You can even get notified if you've left them behind.

Image simulated for representational purpose only.

*Size 15% lesser vs Buds Pro. *From '22 Galaxy Smart TV, Smart Monitor. *Required that Buds2 Pro is registered on the TV based on the same Samsung Account.

1 Your world the way it's meant to be heard

Well-balanced sound

The two-way dynamic speakers on Galaxy Buds2 – woofer for a deep bass and tweeter for clear high notes – deliver robust, well-balanced sound.

Intelligent clear call

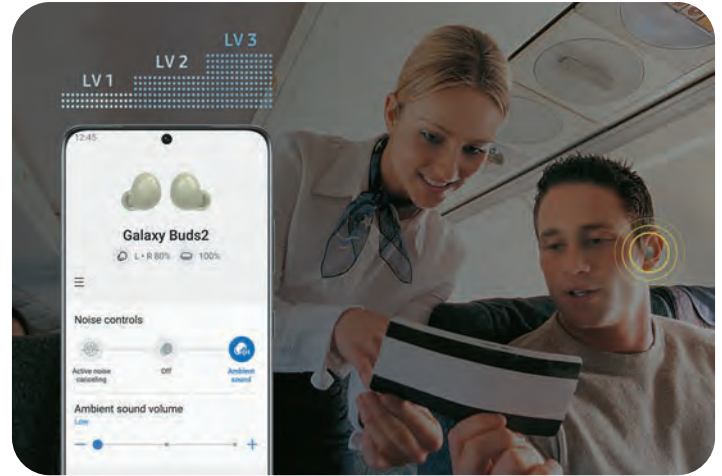

The 3-mic system, machine learning based noise reduction software, and a curved in-ear design ensures you are always heard loud and clear.

2 Choose what you want to hear

Up to 98% noise cancelation*

The in-ear design partially blocks ambient noise. Any unwanted sound detected by the dual microphone set-up is removed by an Active Noise Cancelling codec.

Ambient and other sound customizations

Select between 3-levels of ambient sound options and a range of equalizer settings to tailor the sound to your taste!

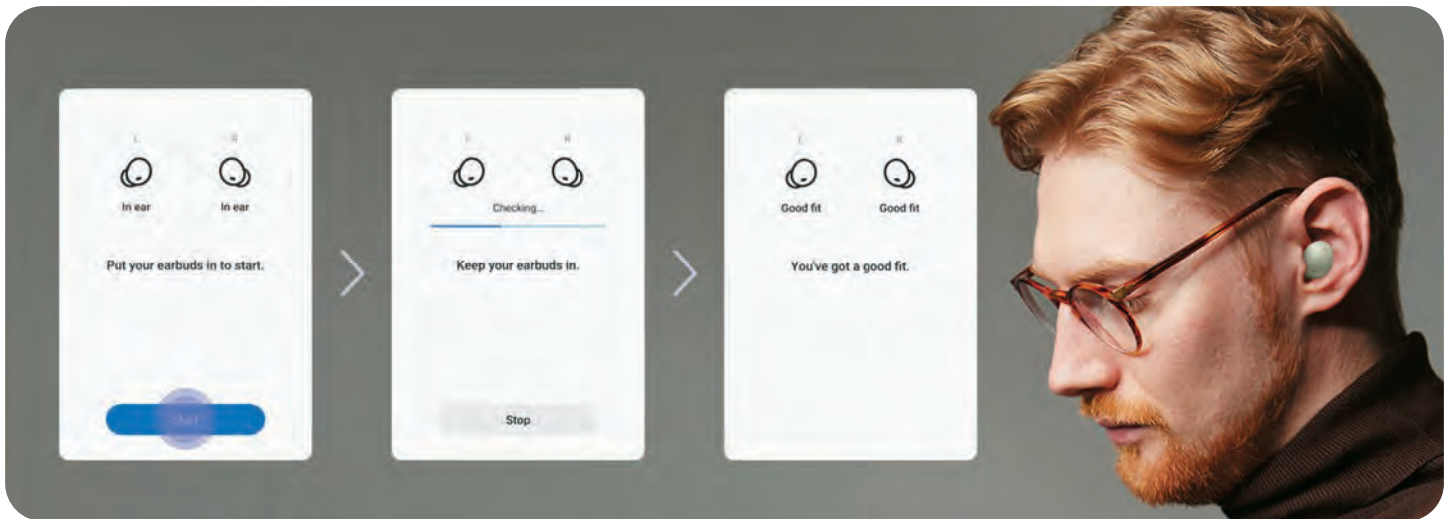

3 Designed for all day use

24 hours of playtime!

Up to 7.5 hours of battery in the earpiece & another 29 hours in the case.** That's not all. Enjoy 60 minutes of playtime with just 5 minutes of charging!

Product images simulated. For representational purpose only. *98% noise cancellation based on internal lab test conditions. Play time based on internal lab test conditions. **Values with ANC off. When ANC is on get up to 5 hours of play time in the earpiece with 20 hours in the case.

Lightest earbuds ever

Compact and light-weight design of the buds crafted to comfortably fit in our ears all day long.

Along with soft and flexible silicone tips in 3 sizes. Take the earbuds fit test on the Galaxy wearables app to find your perfect tip.

From 9 am work calls to late night binges, the Galaxy Buds2 are your reliable buddies.

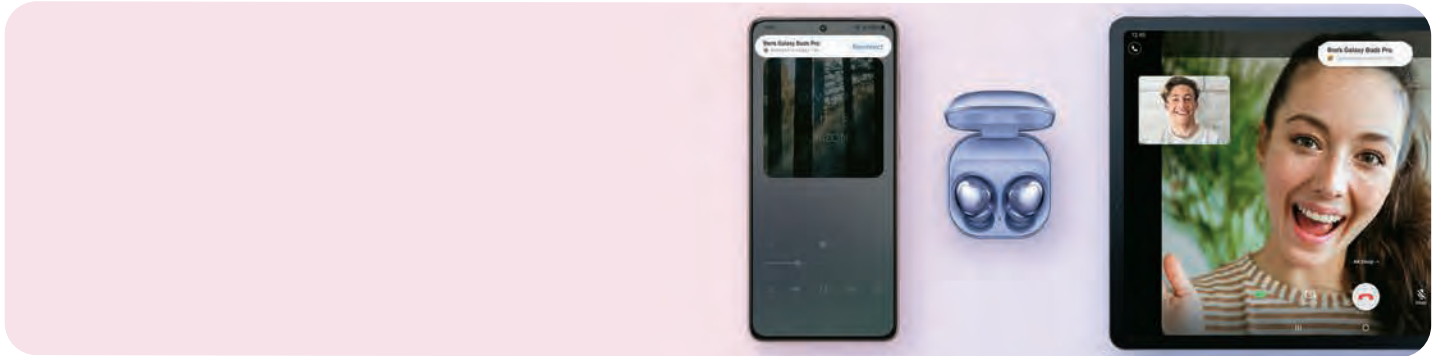

4 Switch without missing a beat!

Open your world to the Galaxy.

Switch seamlessly between you devices. Now also control Buds directly from your Galaxy Watch4.

6 Switch it up without a hitch

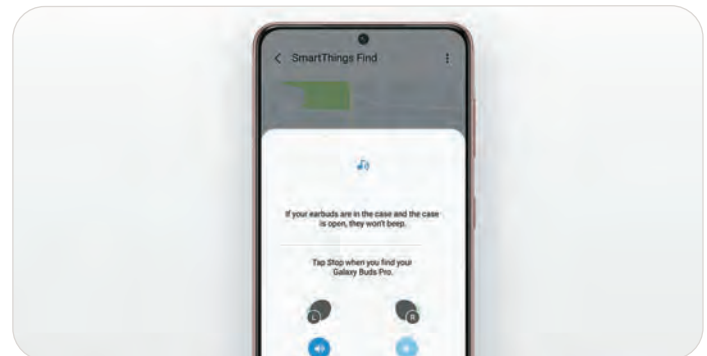

Auto Switch** technology detects which device's audio needs to be prioritised and automatically switches to it.

7 Personalised assistance

With a simple, "Hi Bixby", speak to your smart assistant and manage your day hands-free.

8 100% lose-proof

With the SmartThings* app and Offline finding, locating misplaced buds is easy.

9 Buds with buds

Connect with friends and share audio easily.

10 Sleek and timeless

Choose between the three stunning Phantom shades; Violet, Black and Silver.

11 Power to keep the beat going

With up to 5 hours of listening-time on ANC and up to 13 hours in the case, giving you up to 28 hours* total.

12 Charge up fast

With Wireless** PowerShare from your Galaxy smartphone, and an hour of battery life for every five minutes of fast charging.

13 Let it rain

Galaxy Buds Pro are IPX7# rated. The highest standard of water resistance in Galaxy Buds.

14 The right fit is right here

Designed to fit your ears perfectly, without pain or pressure build-up.

Image simulated. *Earbuds and case provide up to 28 hours of battery life when the case is charged to 100%. Based on internal testing. Audio playback time tested by pairing a pre-production Galaxy Buds Pro to a recently released Galaxy smartphone with default settings except ANC and Ambient mode off. Play time may vary based on settings. **Wireless PowerShare function is available on few galaxy devices. If the smartphone's battery power is less than 30%, Wireless PowerShare may not function. #IPX7 is based on laboratory test conditions for submersion in up to 1 meter of fresh water for up to 30 minutes. Not advised for beach or pool use. Charging case is not water resistant. If placed into the charging case without drying, the earbuds may be damaged.

Galaxy Buds Live

Sound	One way 1.2cm (12mm) speakers with bass duct AKG tuned sound
